

NOTICE

Dear Customers.

ORing Industrial Networking Corp. is under processing with new Visual System for the purpose of keeping branding consistency and enhancing brand recognition. Therefore, we would like to inform you all that all of ORing's product lines will feature a new look of Mylar, as we believe that this change will bring a total refreshing perception and attractive look-and-feel to our customers.

The last printed GuideBook of ORing products with the old Mylar design was released in May, 2010. All of ORing's publications (in both printed and electronic forms of marketing tools) and products will feature exclusively the new Mylar design for all of ORing's products starting from January 1, 2011. Meanwhile, ORing is updating all product pages of ORing's website with the new Mylar design and expects to finish this project before the end of 2010.

By launching the new Mylar design, ORing products will be visually distinguished from other manufacturers' products, effectively avoiding the similarity issue. The process of changing Mylar to new design will be finished before the end of 2010. Please be informed and thank you for your cooperation. If you have any concerns, please feel free to let us know.

Sincerely yours!

Serena Lin
